1.	In the said tender there are mainly 3 different works which are at different unrelated and disconnected locations, so normally separate tenders should have been issued for all the three works, but all the three works have been combined into one tender. Request to kindly clear the rationale.	As per RFP.
2.	In the NIT in annexure III/ Clause 4.5.A. (d) & Clause 4.5.A (e), it has been mentioned that either the contractor or his sub-contractor should have electrical/water supply /sanitary license. Based on this should be logically conclude/assume that this tender/contract in Jhansi irrespective of value can be submitted as a Joint Venture of 3 parties with needed licenses.	The Joint Venture (JV) are allowed for package size exceeding ₹ 10 Crores. Refer addendum issued.
3.	Why have MSME enterprises not been given exemption in this tender as per the scheme/ shasnadesh of central/State Gov.?	MSME Entrepreneur can take part in this bid but no exemption in bid security is allowed in civil contracts.

37.	Regarding Total Length in technical evaluation- We want clarification that St no.2 in footpath works, road works involving paver blocks/kerbstone or concrete pathway minimum length equal to total length as maintained in IFB column 5. Total road	The bidders equivalent work in sqm will also be considered.

Sl. No.	Query Raised	Clarification
	length is 6.05 km in your Package KMC/CM G 02. what does it mean. Work should be in Sq.meter. If a contractor has laid only one interlocking tiles and worked 6.05 km then you will pass him? Another contractor who has done same work in Sq.Meter so how would you evaluate footpath work.	
38.	Regarding the experience of Power Lines, in condition 4.5.A (B) of the tender, you have asked for the experience of Powerlines Shifting Overhead to Underground 11 KV whereas in Technical Evaluation Pg. No. 59 in SL.No. Power Line LT/HT is written in 5 (A). It is impossible to have 11 KV in LT line. The experience of LT Line will count whether it is of KV or not. Will there be work count of street light in LT Line or not?	For undergrounding of power, minimum 11 KV line experience will be considered. Streetlight work will not be counted in LT line work.
